🔗 Portfolio

PROFESSIONAL SUMMARY

Full-Stack Software Engineer with experience building scalable web applications using React, TypeScript, NestJS, Node.js, and Spring Boot. Skilled in backend development, REST API design, and database integration. Experienced in Agile teamwork, clean code practices, and building real-world projects. Passionate about solving technical problems and continuously improving engineering skills.

PROFESSIONAL EXPERIENCE

Backend Developer Intern

04/2026 – Present | Kigali, Rwanda

Ubwenge Lab Ltd

- Working as a Backend Software Engineering Intern at Ubwenge Lab, contributing to the development and maintenance of backend systems using NestJS and Prisma ORM. Involved in building and improving REST APIs, working with databases, debugging and testing applications, and collaborating with team members using Git and GitHub while gaining hands-on experience in scalable backend development and clean code practices.

Software Developer Intern

09/2025 – 12/2025 | Kigali, Rwanda

KB21

- Engineered features for a peer-to-peer car-sharing platform utilizing React, TypeScript, and REST APIs.
- Implemented critical user flows including car listing, ownership filtering, and a booking system that validates availability and updates dashboards in real-time.
- Collaborated within a core engineering team, participating in Agile sprints, debugging, and maintaining clean code practices.

Full-Stack Engineering Trainee

11/2024 – 05/2026 | Kigali, Rwanda

The Gym – Rwanda's most intense software development trainee program

- Completed an intensive full-stack engineering program, mastering JavaScript/TypeScript, Node.js, Express, and Git-based collaboration.
- Developed backend booking logic and RESTful APIs using NestJS, integrating them with PostgreSQL databases and responsive React frontends.
- Maintained high code quality and team velocity through Agile sprint planning, technical communication, and rigorous peer code reviews.

TECHNICAL SKILLS

- Languages:** Java, TypeScript, JavaScript, Python
- Frameworks/Libraries:** React, Node.js, Express.js, NestJS, Spring Boot, Tailwind CSS, RESTful APIs
- Tools & Technologies:** Git & GitHub, PostgreSQL, MySQL, MongoDB, Docker (Basic), Linux CLI, Postman, Swagger, HTML5, CSS3, Agile/Scrum

EDUCATION & TRAINING

Bachelor of Science in Information Technology (Software Engineering)

03/2023 – 11/2026 (Expected) | Kigali, Rwanda

Adventist University of Central Africa (AUCA)

- Relevant Coursework: Data Structures, Algorithms, Database Systems, Web Technologies

Africa to Silicon Valley (A2SV)

12/2025 – 04/2026 | Kigali, Rwanda

Intensive engineering program focused on advanced Data Structures & Algorithms using Python, algorithmic efficiency, and complex problem-solving.

PERSONAL PROJECTS

Mining Production Monitoring System

GitHub: https://github.com/adeline333/Mining_production_monitoring_system

Live: <https://miningproductionmonitoring.netlify.app/>

- Developed a React and Node.js-based dashboard for mining operations that visualizes key production metrics, manages equipment, and tracks incidents.
- Designed dynamic reporting features and role-based access controls to securely streamline workflows for different operational users.
- **Tech Stack:** React, Node.js (Express.js), MongoDB, Git, Netlify

Food Ordering Management System

GitHub: https://github.com/adeline333/FoodOrderingManagementSystem_26252

Live: <https://food-ordering-system-git-main-adelinetuyizere333-9455s-projects.vercel.app>

- Engineered a full-stack application for restaurants and customers with menu browsing, cart management, and secure order processing workflows.
- Implemented robust user authentication, role-based interfaces, and real-time order status tracking.
- **Tech Stack:** React, Java (Spring Boot), PostgreSQL, Git, Vercel

OTHER SKILLS

Problem-solving, teamwork, communication, adaptability, time management, attention to detail

LANGUAGES

English (Professional), French (Conversational), Kinyarwanda (Native)

LEADERSHIP & VOLUNTEER EXPERIENCE

Academic Tutor

02/2022 – 05/2022 | Kigali, Rwanda

NETLA Learning Hub

- Supported students by analyzing standardized English proficiency mock tests (TOEFL and IELTS) and providing feedback to improve exam strategies.
- Assisted in academic coaching sessions, helping learners understand test formats while developing communication and mentorship skills.
